Gifts in Tribute and Memoriam Benches

The observatory at Sunriver Nature Center & Observatory (SNCO) has served as a hub for spectacular views of the star-filled night sky and unique opportunities to view our sun for the past 30 years.

You can support SNCO's campus by making a gift of a bench in tribute or memoriam to a loved one. With a gift of a bench, not only will you be leaving a legacy, you'll also be creating a special place for reflection, remembrance, and relaxation at Sunriver Nature Center & Observatory.

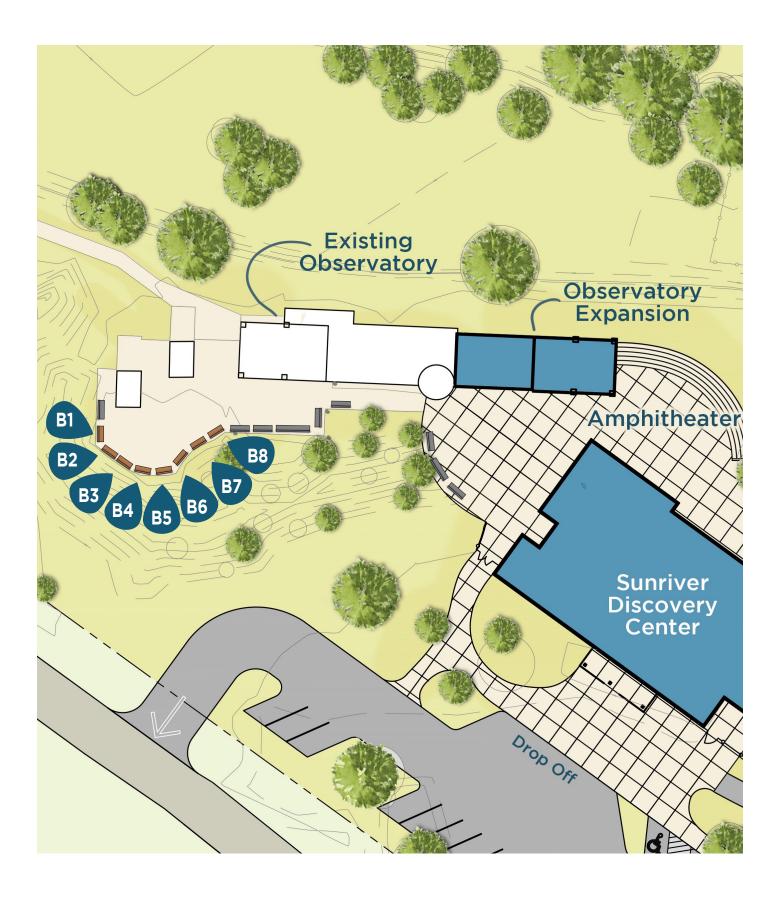

A limited number of benches are available in preselected locations to maximize comfort and views of the sky. Each bench includes a commemorative plaque with a personalized inscription.
